Barrel Stove Kits

Models BSK 1000, BSKD 1100, and BKAD 500

The cast iron barrel stove kits by United States Stove Company are an affordable alternative for economical heat required in small places like a garage, a cabin, or a ski lodge. All components are made from sturdy cast iron and are easily adapted to a 30- or 55-gallon steel drum by any home handyman or do-it-yourselfer. The BSK 1000 (standard), BSKD 1100 (deluxe), and the BKAD 500 (double adapter) all feature a high-temperature matte finish, rugged construction, and practical design to make the barrel stove kit by United States Stove Company the preferred choice by many do-it-yourselfers.

FEATURES / BENEFITS

- Short assembly time.
- Round, 6" flue for firm stove-pipe fitting.
- Heavy-duty cast iron construction for increased durability.
- Double Barrel Stove Kit increases efficiency by trapping flue gasses, creating greater heat transfer.
