

# Residential Energy Tax Credit

## Qualifying Appliance (Biomass)

Section 25C of the Internal Revenue Code  
Valid on stoves purchased January 1st, 2019  
through December 31st, 2020.

The thermal efficiency of this biomass stove has been determined to meet the energy efficiency requirements to qualify for the Residential Energy Credit (IRS Section 25C).

The U.S. Stove products listed complies with the guidance published by the U.S. Internal Revenue Service (thermal efficiency rating of at least 75%). Homeowners should consult with their tax advisor to determine whether they qualify for any potential income tax credits. See IRS form 5695: Line 22a
